Level 1 is primarily designated for learning and engagement spaces, including:

- A 200-seat active learning lecture hall
- Classrooms and teaching labs with 16-40 seats
- An inviting lounge space for building occupants and guests
- A new makerspace with adjacent design-think and finishing space

Level 2 is considered the social heart of the building. In addition to research and learning spaces, this level will house dedicated spaces for Indigenous programs and community engagement, including:

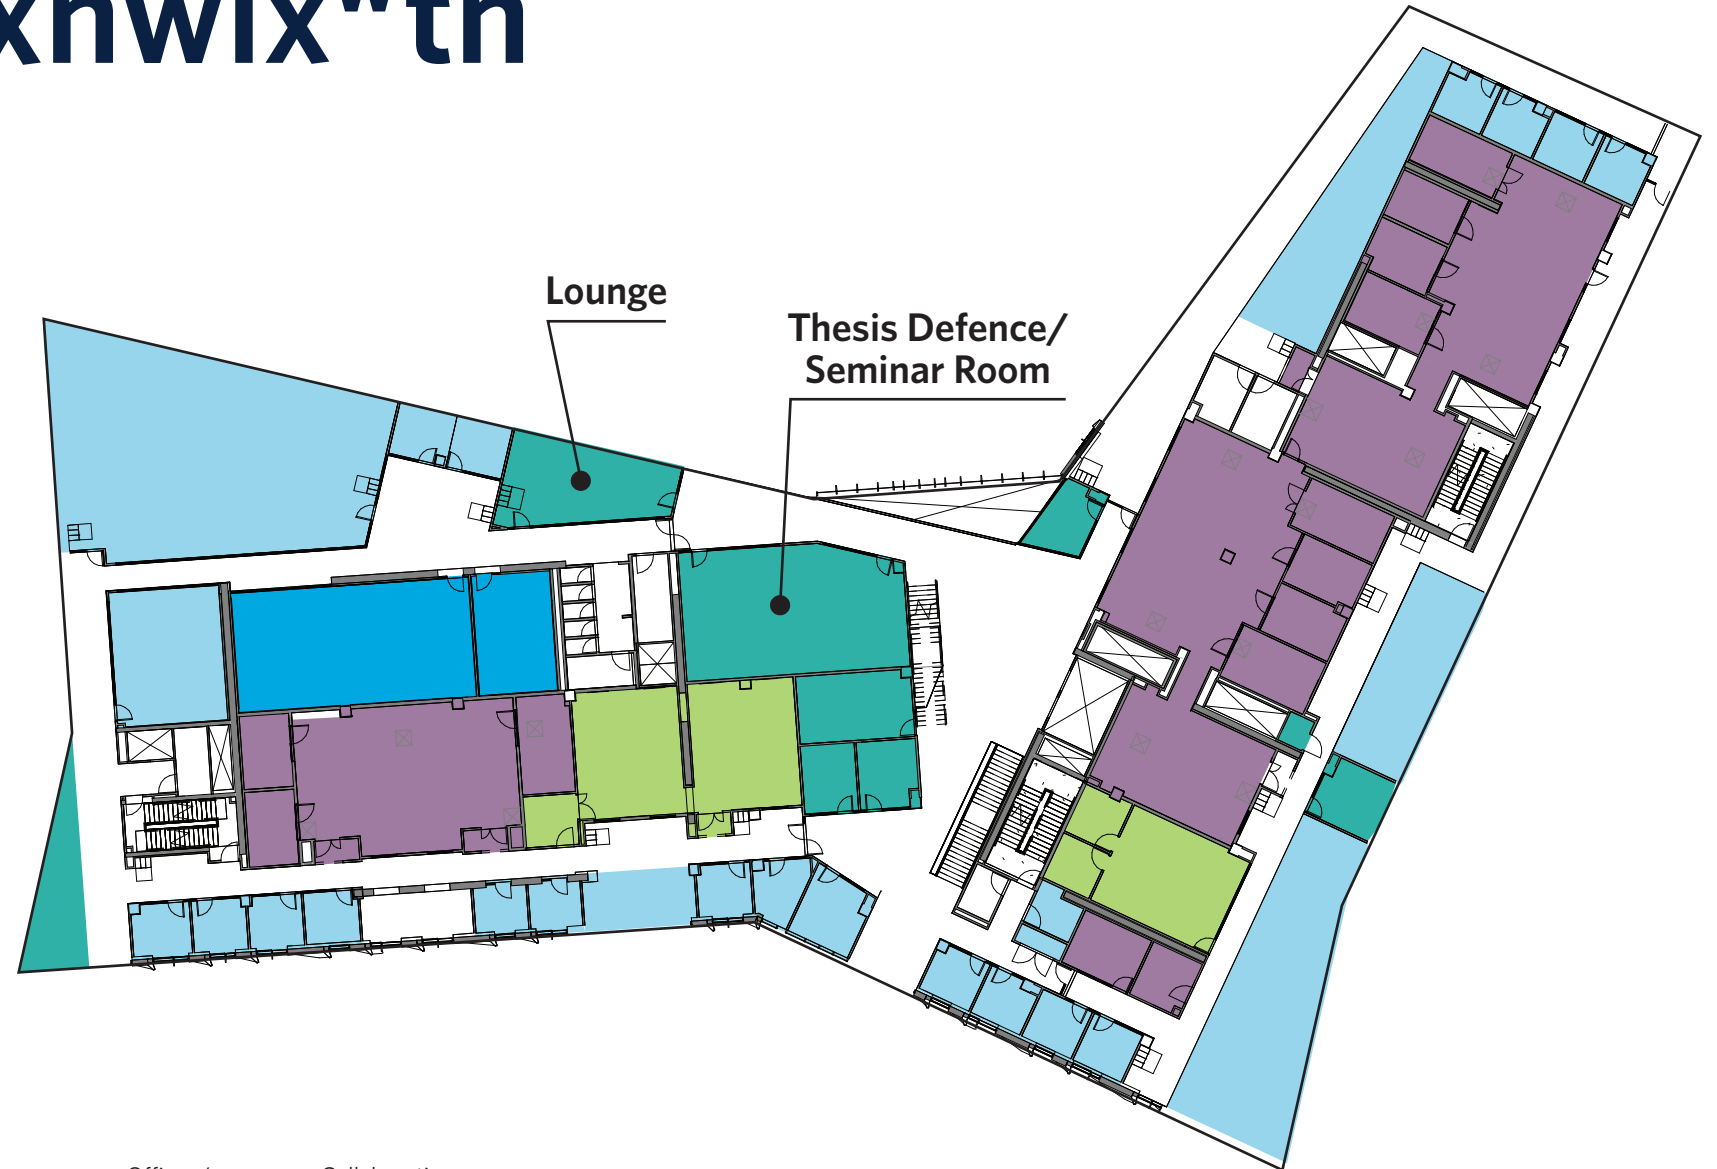

- A circular community gathering space (100 seats) designed in collaboration with the En'owkin Centre and the project's cultural working group
- An Indigenous student lounge and multipurpose community room
- Interior Salishan language labs, a Collections room, and offices for Elders
- Technology-enabled interview rooms and meeting rooms for community-engaged research
- Wet and dry research labs
- Offices and open workstations
- 3 kitchenettes

Level 3 brings interdisciplinary connections to life with a network of research and knowledge creation spaces nested among engagement spaces, including:

- Wet and dry research labs
- Technology-enabled conference and meeting rooms with 6-50 seats
- A thesis defence/seminar room
- A lounge for building occupants and guests
- Offices and open workstations
- Classrooms (16-40 seats)
- 3 kitchenettes
