FIP 129	20		Computer Lab	
FIP 133	20		Computer Lab	
SCI 126	20		Computer Lab	

\*Scheduling Sprint: When creating the annual academic timetable, Scheduling Services works to allocate space to course sections by applying the campus scheduling rules, pathway and other scheduling constraints, and begins this process by starting with space in highest demand. The list of General Use Instructional space includes a scheduling sprint number and indicates what classrooms are available in each sprint.

Please Note: Classrooms in Sprints 1 - 5 are in high demand
